Trasimeno Basalt Gloss - R6497	HS	600mm	\$132	900mm	\$168
Roma Marble - R6499	FG	600mm	\$127	900mm	\$159

Enhanced High Gloss (HS)

HS is a fashionable yet enhanced performance gloss finish designed to both complement the effect of the decor and provide improved abrasion resistance when compared to standard gloss finishes. All gloss surface finishes will scratch, and will also show scratches more easily. Additional care should be taken accordingly in both installation and use.

Enhanced Semi Matt (MS)

The MS texture is an enhanced performance matt finish, which provides improved abrasion resistance compared to standard matt surfaces, and fully complements the natural appearance of both stone and composite reproductions.

Crystal Stone (CT)

Crystal Stone is a new surface texture especially suitable for both plain colour and stone reproduction decors. Whilst offering both the feel and optical effect of a natural stone surface, the product retains the usual high performance characteristics of a Duro-pal worktop.
